Height (in/mm)	20/508	19.5/495
Weight (lbs/kgs)	64/29	70/31.8
NFPA Compliant	Yes	Yes

Update your old Mach III power unit to the higher output Mach III Outlaw. This upgrade will greatly improve performance on both standard extension hoses and hose reel operated systems. The kit includes a new 6.5 hp Honda engine, high output pump elements, larger 1.5 gallon reservoir, new base and carrying handle. The Mach III Outlaw is up to 60% faster than the standard Mach III power unit. This allows the rescue tools to operate faster and the rescuer to reduce extrication time.

1936 NFPA
ISO 9001
